

What You'll Need

If you reside in Florida or the southeastern region and desire a captivating, low-maintenance native landscape, this design is an ideal fit. Embrace the colorful charm of native plants, such as sunshine mimosa, beautyberry, and viburnum, and accentuate them with a few well-placed trees to create elegant vistas to and from your house. With the design below, you can embark on a DIY journey to bring this water-conscious vision to life.

Sunshine mimosa
Florida betony
Walter's viburnum
Beautyberry
Simpson's stopper
Southern live oak
Bald cypress
Garden tools (rake, tiller,
watering can or hose)
