

What You'll Need

If you live in Texas or the Southwest and want to create a beautiful, layered native landscape, this design is for you. It includes Texas-native plants paired with boulders for interest and a timeless look. Download the plan below and bring it to your local landscaper or implement it yourself.

Texas frogfruit
Prairie verbena
Texas sage
Turk's cap
Flame acanthus
Texas red oak
Mexican plum
Boulders
Scotts Miracle-Gro
water-storing mulch
Compost
Garden tools (rake, tiller,
watering can or hose)
