

### What You'll Need

This West Coast plan is meant to be a tapestry of color. It's the perfect choice for homeowners looking to create a stunning, water-efficient landscape. Highlighting Creeping Sage, Fuchsia, and Manzanita, along with other native and drought-resistant plants, this design thrives with minimal watering and care once established. Your new yard will not only radiate beauty but also withstand warm and dry conditions.

Creeping Sage  
California Fuchsia  
Manzanita  
California Buckwheat  
Coyote Brush  
Coast Live Oak  
California Black Walnut  
Garden tools (rake, tiller,  
watering can or hose)
